Signed By Germany.

CONDITIONS TO BE ANNOUNCED LATER

Known That Army Must Disarm and Demobilize; Strategic Points Will Be Occupied; Fleet To Be Given Up.

By The Associated Press.
WASHINGTON, Nov. 11.—The world war will end this morning at 6 o'clock Paris time. The armistice was signed by the German representatives at midnight. This announcement was made by the state department at 2:50 o'clock this morning.

The announcement was made verbally by an official of the state department in this form:

"The armistice has been signed. It was signed at 5 o'clock a. m., Paris time and hostilities will cease at 11 o'clock this morning, Paris time.

The terms of the armistice, it was announced, will not be made public until later. Military men here, however, regard it as certain that they will include:

Immediate retirement of the German military forces from France, Belgium and Alsace-Lorraine.

Disarming and demobilization of the armies.

Occupation by the allied and American forces of such strategic points in Germany as will make impossible a renewal of hostilities.

Delivery of parts of the German high sea fleet and a certain number of submarines to the allied and American naval forces.

Disarmament of all other German warships under supervision of the allied and American navies which will guard them.

Occupation of the principal German naval bases by sea forces of the victorious nations.

Release of allied and American soldiers, sailors and civilians held prisoners in Germany without such reciprocal action by the associated governments.

There was no information as to the circumstances under which the armistice was signed, but since the German courier did not reach German military headquarters until 10 o'clock yesterday morning, French time, it was generally assumed here that the German envoys within the French lines had been instructed by wireless to sign the terms.

Forty-seven hours had been required for the courier to reach German headquarters and unquestionably several hours were necessary for the examination of the terms and a decision. It was regarded as possible, however, that the decision may have been made at Berlin and instructions transmitted from there by the new German government.

Germany had been given until 11 o'clock this morning, French time, 6 o'clock Washington time to accept
